### SUMMARY

Driven, goal-orientated and ambitious individual with a strong desire to develop my expertise in the Project Management field. My skills span across project and business change management, as well as marketing, and roles involving in-depth analysis and reporting. I am highly detail oriented and process-driven, ensuring that I complete tasks to the highest standard. With a tenacious and confident approach in all areas of my career, I have gained experience in the professional conference organising field, BPO sector and marketing/rewards industry. My strongest attribute is providing outstanding customer experiences while effectively managing relationships with stakeholders. I am constantly seeking opportunities to learn, improve, and enhance processes, always willing to go the extra mile to gain new experiences. My enthusiasm fuels my success, and I believe no challenge is too difficult when you seek help and collaborate effectively.
